**A Genuine Food** that nourishes the hens and supplies just those elements required by nature to produce strong shelled, perfect eggs. It contains no diseased meat, or meat of any kind save tallow scraps, neither does it contain any red pepper, hot drops, or other irritant that temporarily warms up the fowls and then reacts, leaving the system worse off than before.

It is a real Food, rich in nitrogenous ingredients and just what laying hens need at all times. It is now generally conceded that as an egg producer there is nothing better than

### The Proof of the Pudding is in the eating.

The proof of the separator is in the trying. You perhaps do not care to try, to know; well, then take your neighbor's word for it. Ask any user (you can find them most everywhere), and we assure you that if they have given the 1909 Model

a thorough trial, they will advise you to "Buy the United States Cream Separator" as the bowls have been greatly reduced in diameter and still retain their great milk capacity.

Thousands testify yearly to the clean skimming, easy running and complete satisfaction obtained by the use of the reliable U. S. which holds the World's Record.

We have more to tell you, but space will not permit, so call and see the 1909 Model U. S. before purchasing.

### FRANCIS DAVIS FOUND DEAD.

Mr. Francis Davis, who has been living alone at his place on the South Road, was found dead, Tuesday morning, when his nephew, F. L. Davis and A. P. Worthen went out to bring him to the John Vermouth house just at the end of Baldwin bridge, where plans had been made for him to spend the winter. The cause of death was probably the heart, as he was found lying on the floor, fully dressed. He was in his usual health when F. L. Davis

saw him Sunday, it being his custom to go out once a week to attend to anything he might need done. He was the son of Charles and Elvira Lamb Davis and was born in Fairlee Jan. 13, 1871. Many years ago he was in the blacksmith business with his brother, Merritt Davis, in the shop just through the Baldwin bridge, now owned by Eph. Abbott. The funeral was held at the home of Mrs. Merritt Davis yesterday afternoon at 1:30, Rev. Mr. Legg officiating, with A. E. Hale, conducting.
